

SENATOR RICHENDIFER: Mr. President, I would like this bill passed over temporarily. I have some amendments to the amendments that are on 520 and they're not up here from the bill drafter yet so could we pass this over.

PRESIDENT: All right. Are there any objections to passing over? All right, fine. Pass over LB763.

CLERK: Read LB954. There are committee amendments by Senator Carstens' banking committee.

PRESIDENT: Senator Duis.

SENATOR DUIS: Mr. President, I move the committee amendments now defer to Senator Anderson.

PRESIDENT: All right. Senator Anderson.

SENATOR ANDERSON: Mr. President and members of the Legislature. This particular bill does two things, it deals with the depositing of county demand deposits by the county treasurer. The current law requires that these deposits be pro-rated in approved depository banks according to the amount of paid up capital stock. The bill expands the definition of capital, it also gives the county treasurer some flexibility in maintaining a working account in order to keep up with the demands of his office without having to keep these deposits pro-rated down to the cent which is inferred by the present statute. The amendments that were adopted by the banking committee simply adjusts the definition of what we mean by capital so I move the adoption of the amendments.

PRESIDENT: Any further discussion of the committee amendments? Then the question is shall they be adopted. All those in favor, please say aye. Those opposed, say no. Committee amendments are adopted.

SENATOR DUIS: Mr. President, I move that LB954 be advanced to E & R for initial.

PRESIDENT: Now, the motion is to advance LB954. Is there need for further discussion? The question is, shall LB954 be advanced from General File to E & R initial. All those in favor, vote aye, all those opposed, vote no. Have you all voted? Clerk will record.

CLERK: 25 ayes, no nays, Mr. President.

PRESIDENT: The bill is advanced. Brings up LB647.

CLERK: Read LB647. Are there committee amendments? There are no committee amendments but there are amendments offered by Senator Carpenter.

PRESIDENT: Senator Carpenter.

SENATOR CARPENTER: I move for the adoption of the committee, Carpenter amendment after the Clerk reads them.

CLERK: Reads Carpenter amendment.

SENATOR CARPENTER: Now, Mr. President, this pertains to court reporters and I offer it as an amendment to Senator Kime's bill. I understand he has no objections to it. The amendment was proposed for the most part by the Supreme Court to Mr. Dunlevy. I have been assured that there'll be no attempt on the part of the court to reduce the salary in which a bill will be before this body soon if it's not already here. It will establish the salary of the court reporter \$14,000. In no case will that be reduced by the court even now or in the future. It also provides for the use of other methods of recording and beyond that of the
